

The DR FAD SHOW

Brainstorm: Make It Better

Name: _____

Date: _____

Inventors don't just make new things; they also make things BETTER. But it's just as hard to think of what to make better as it is to make something new.

To get some ideas, answer the questions below. You'll get your answers in certified **DR FAD** pages for your **INVENTOR'S NOTEBOOK**. Then come back and try it again. You'll get a different set of questions every time.

1. What's a better way to learn than going to school?

2. What's a better way to walk the dog?

3. How could you make cell phones better?
